

Azizbek Toshmamatov

I am a young professional actively involved in international activities, with a focus on history, tourism, ecology, and sustainable development. I have expanded my knowledge and gained experience through participation in various prestigious projects, conferences, and academic programs. Below are my key achievements and background:

Personal Information

I was born in 2003 in Sherabad District, Surkhandarya Region, Uzbekistan, into a family of teachers. From a young age, I was encouraged to pursue education and academic excellence. I graduated from School No. 56 in Sherabad and successfully completed my Bachelor's degree in History (with a specialization in Countries and Regions) at Termiz State University. Currently, I am a first-year Master's student at the Faculty of History at Termiz State University, specializing in Ethnography.

Academic and Scientific Achievements

1. "Summer University" and the "Bond 5" Project (2023)

In 2023, I participated in the "Summer University" project at Kazan Federal University, where I developed the "Bond 5" volunteer project. This project aimed to create a platform for youth collaboration, exchanging ideas and experiences, and was successfully implemented.

2. Sixth International Historical School (September 2023)

I attended this prestigious school in Novosibirsk, where I gained in-depth knowledge of historical research methods. I received valuable lessons from renowned scholars and advanced my expertise in historical methodology.

3. World Youth Festival (March 2024)

At this festival, I presented my projects and discussed global issues with young leaders from around the world. The festival provided a platform for exchanging new ideas and experiences and further enhanced my international collaboration skills.

Education and Participation in Academic Programs

1. Master's Programs

American Management University (November 4, 2024): I was accepted into the Master's program in "Education." This program aims to deepen my knowledge in education management and pedagogy.

Üsküdar University (September 5, 2024): I was accepted into the Master's program in "Business Management." This program provides an opportunity to acquire leadership skills in business management and strategic planning.

2. Bachelor's Degree

Cyprus West University (October 16, 2024): I was accepted into the undergraduate program at

Cyprus West University.

3. Experience Exchange Programs

Japan International Autumn Exchange Program (July 21, 2024): I participated in this program in Japan, where I gained exposure to various cultures and academic practices.

Participation in International Conferences and Forums

1. Asian Youth International MUN (November 16, 2024)

I participated in the conference held in Malaysia and actively engaged in discussions on international issues.

2. Change The World MUN (October 18, 2024)

At this event in New York, I enhanced my knowledge of diplomatic approaches and solutions to global issues.

3. Dushanbe International Tourism Exhibition (September 25-27, 2024)

I participated as an international delegate at the Dushanbe International Tourism Exhibition in Dushanbe, Tajikistan, where I explored new ideas and approaches in the tourism sector.

4. BRICS International Forum (October 14, 2024)

I participated in the BRICS International Forum held in Moscow, Russia, where discussions focused on global issues and multilateral cooperation.

5. REBUS 2024 International Forum (October 2024)

I took part in the REBUS 2024 International Forum in Kazan, where I was introduced to new approaches in scientific and social topics.

Additional Information

As a young leader, I have established myself as an active participant in scientific research, social projects, and international events. I have a deep interest in history and tourism and continually strive to enhance both my theoretical and practical knowledge.

These achievements and activities reflect my ambition and leadership qualities, and they are shaping me into an internationally recognized specialist in my field.
